

Maps and Address List of Selective Licensing Areas (Commencing 1st April 2019)

The maps show the proposed Lower Super Outputs Areas (LSOAs) for Selective Licensing Areas (commencing 1st April 2019). The blue line on the map shows the designated Selective Licensing area requiring all privately rented properties within the boundary to have a licence. Address lists are also provided, however these lists are for reference only. The address lists may exclude recently built properties and conversions; therefore you are advised to check the attached maps to see if your property is located within any of the boundaries of the designated selective licensing areas. Address lists will be updated annually.
