4. (1) Where an application for consent is made to the authority under this Order, the authority may grant such consent either unconditionally, or subject to such conditions (including conditions requiring the replacement of any tree by one or more trees on the site or in the immediate vicinity thereof), as the authority may think fit, or may refuse consent:

Provided that where the application relates to any woodland specified in the First Schedule to this Order the authority shall grant consent so far as accords with the principles of good forestry, except where, in the opinion of the authority, it is necessary in the interests of amenity to maintain the special character of the woodland or the woodland character of the area, and shall not impose conditions on such consent requiring replacement or replanting.

(2) The authority shall keep a register of all applications for consent under this Order containing information as to the nature of the application, the decision of the authority thereon, any compensation awarded in consequence of such decision and any directions as to replanting of woodlands; and every such register shall be available for inspection by the public at all reasonable hours.

5. Where the authority refuse consent under this Order or grant such consent subject to conditions they may when refusing or granting consent certify in respect of any trees for which they are so refusing or granting consent that they are satisfied -

6. (1) Where consent is granted under this Order to fell any part of a woodland other than consent for silvicultural thinning then unless -

- (a) such consent is granted for the purpose of enabling development to be carried out in accordance with a permission to develop land under Part III of the Act, or
- (b) the authority with the approval of the Minister dispense with replanting,

the authority shall give to the owner of the land on which that part of the woodland is situated a direction in writing specifying the manner in which and the time within which he shall replant such land and where such a direction is given and the part is felled the owner shall, subject to the provisions of this Order and section 25 of the Countryside Act, 1968, replant the said land in accordance with the direction.

- (b) number of trees per acre;
- (c) the erection and maintenance of fencing necessary for protection of the replanting;
- (d) the preparation of ground, draining, removal of brushwood, lop and top; and
- (e) protective measures against fire.

7. On imposing any condition requiring the replacement of any tree under Article 4 of the Order, or on giving a direction under Article 6 of this Order with respect to the replanting of woodlands, the authority shall if such condition or direction relates to land in respect of which byelaws made by a river authority or a drainage board restrict or regulate the planting of trees, notify the applicant or the owner of the land, as the case may be, of the existence of such byelaws and that any such condition or direction has effect subject to the requirements of the river authority or drainage board under those byelaws and the condition or direction shall have effect accordingly.

8. The provisions set out in the Third Schedule to this Order being provisions of Part III of the Act and of section 80 of the Town and Country Planning Act, 1968, adapted and modified for the purposes of this Order, shall apply in relation thereto.

9. Subject to the provisions of this Order, any person who has suffered loss or damage in consequence of any refusal (including revocation or modification) of consent under this Order or of any grant of any such consent subject to conditions; shall, if he makes a claim on the authority within the time and in the manner prescribed by this Order, be entitled to recover from the authority compensation in respect of such loss or damage :

Provided that no compensation shall be payable in respect of loss or damage suffered by reason of such refusal or grant of consent in the case of any trees the subject of a certificate in accordance with Article 5 of this Order.

10. In assessing compensation payable under the last preceding Article account shall be taken of :

- (a) any compensation or contribution which has been paid, whether to the claimant or any other person, in respect of the same trees under the terms of this or any other Tree Preservation Order under section 29 of the Act or under the terms of any Interim Preservation Order made under section 8 of the Town and Country Planning (Interim Development) Act, 1943, or any compensation which has been paid or which could have been claimed under any provision relating to the preservation of trees or protection of woodlands contained in an operative scheme under the Town and Country Planning Act, 1932, and
- (b) any injurious affection to any land of the owner which would result from the felling of the trees the subject of the claim.

11. (1) A claim for compensation under this Order shall be in writing and shall be made by serving it on the authority, such service to be effected by delivering the claim at the offices of the authority addressed to the Clerk thereof or by sending it by prepaid post so addressed.

(2) The time within which any such claim shall be made as aforesaid shall be a period of twelve months from the date of the decision of the authority, or of the Minister, as the case may be, or where an appeal has been made to the Minister against the decision of the authority, from the date of the decision of the Minister on the appeal.

12. Any question of disputed compensation shall be determined in accordance with the provisions of section 128 of the Act.

NOTE : Any person contravening the provisions of this Order is guilty of an offence under subsection (1) of section 62 of the Act and liable on summary conviction to a fine not exceeding fifty pounds; and if in the case of a continuing offence the contravention is continued after conviction he is guilty of a further offence thereunder and liable on summary conviction to an additional fine not exceeding forty shillings for every day on which the contravention is so continued. Under sections 13, 14 and 15 of the Civic Amenities Act, 1967, if a tree is wilfully cut down or destroyed, or if topping or lopping is carried out in such a way as to be likely to destroy the tree the fine is £250 or twice the value of the tree whichever is the greater. If a tree other than one which is part of woodland is removed or destroyed in contravention of the Order it is the duty of the owner of the land, unless on his application the local authority dispense with the requirement, to plant another tree of appropriate size and species, at the same place as soon as he reasonably can.

TOWN AND COUNTRY PLANNING ACT 1971

TOWN AND COUNTRY PLANNING (TREE PRESERVATION ORDER) REGULATIONS 1969

COUNTY BOROUGH OF BIRKENHEAD (OXTON NO 3) TREE PRESERVATION ORDER 1973

1. I am directed by the Secretary of State for the Environment to refer to the above-named order and to the objection made by Mr M Bemrose to the inclusion therein of trees T185, T189 and T191. The representations made in support of the objection have been considered together with the observations of your Council and of the former Birkenhead County Borough Council, and an officer of the Department has inspected the site.
2. Objection is made to the inclusion of tree T185 on the grounds that it is so close to No 2, South Hill Grove, that a serious loss of natural light is suffered by the occupants. In this respect, it is noted that, following a re-inspection of this tree by an official of the former Council, it was considered that it should be deleted from the order.
3. The objector also contends that trees T189 and T191, which are situated in the garden of the adjoining property, keep light off part of his garden and thereby prevent the growth of other plants.
4. The trees included in the order are situated within a residential belt some $\frac{1}{4}$ mile west to east by 100 yards north to south, which is situated approximately one mile south west of the Grange Road shopping centre. To the north, the order area is bounded by Mount Pleasant and by a line approximating to the northern boundary of No 5 Poplar Road and the southern boundary of Yewtree Park and No 27 Fairview Road; to the east is Fairview Road; to the south Arno Road, Hughes Lane and Newburns Lane; and to the west Rose Mount.
5. Nos 2 and 3 South Hill Grove are south-facing detached dwellings situated to the north of Nos 24 and 26 Arno Road. They have long, steeply-sloping front gardens and there is rear access via a private road.
6. The trees T185, T189 and T191 are all close to the common boundary between the front gardens of Nos 2 and 3 South Hill Grove; T185 is in the front garden of No 2, close to the south western corner of the house, while trees T189 and T191 are to the south of T185 and just within the garden of No 3, about 60 feet distant from the objector's house. These two trees are about 10 feet apart, about 40 feet high and have a 10 ft spread over the garden of No 2 South Hill Grove. There is evidence that both trees have been lopped. It is noted from your Council's letter of 26 July 1974 that the trees designated T61, T62, T69, T71, T72 and T73 have now been felled so that authorised development can be implemented.

7. It is agreed that tree T185 should be excluded from the order, particularly as it is situated so close to No 2 South Hill Grove causing interference with natural light, but it is considered that the other remaining trees in the order make a valuable contribution to the amenity of this pleasant residential area and merit statutory control.

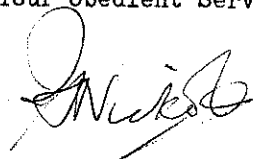

8. Trees T189 and T191 are to the west of the objector's garden and some distance from the front of his house and it is considered that they would not unduly affect the natural lighting in the front rooms, nor by reason of their situation would overshadowing of the garden occur until after midday. Any adverse effects which might later be suffered could, in any case, with your Council's agreement, be mitigated by careful lopping.

9. The Secretary of State has therefore decided to confirm the order subject to the amendment of the First Schedule to exclude the trees T61, T62, T69, T71, T72, T73 and T185, together with the reclassification of the trees T87 and T88 as horse chestnuts, T93 as a beech and T95 as a pine, as requested by your Council. The confirmed order is enclosed and attention is drawn to the requirements of Regulation 9 of the Town and Country Planning (Tree Preservation Order) Regulations 1969.

10. Section 245 of the Town and Country Planning Act 1971 provides that if a person is aggrieved by any order of a description which includes the present order on the grounds that it is not within the powers of the Act, or that any of the relevant requirements have not been complied with in relation to that order, he may within 6 weeks from the date on which the order is confirmed apply to the High Court to quash the order. The relevant requirements are any requirements of the Act of 1971 or of the Tribunals and Inquiries Act 1971, or of any order, regulations or rules made under either of those Acts which are applicable to this order. If the application is made on the grounds that any of the relevant requirements have not been complied with, it must be shown to the satisfaction of the Court that the interests of the applicant have been substantially prejudiced by a failure to comply with any of the relevant requirements in relation to the order. A similar right of appeal is given by the Section to the local authority directly concerned with the order.
