1969	SP037	SA8	43	59	3	40.9	Strong	Bound by Brimstage Lane, Red Hill Road, Mount Road and M53 Motorway and existing development in the Green Belt.
1970	SP079	SA8	54	74	2	0.71	Moderate	Part bound by Raby Road and existing development in the Green Belt. Weak field boundaries to the north and part of the south.
1971	SP065L	SA8	67	92	4	0.06	Strong	Bound by Private Drive, existing development in the Green Belt and woodland.
1973	SP097	SA8	46	63	4	0.91	Weak	Majority of the site is bound by weak field boundaries or an unadopted access track. Part bound by existing development in the Green Belt and small areas of woodland.
1976	SP018	Edge of SA6	41	56	4	7.04	Weak	Weak field boundary to the majority. Bound by railway line to south.

SHLAA Ref	Strategic Parcel	Location	SHLAA 2018 Score (out of 73)			Site Area (hectares)	Boundary Strength	Notes
			Score	Percentage	Category			
1977	SP017	Enclosed by SA6	48	66	3	4.45	Weak	Weak field boundary to the east and west of the site.
1979	SP060	Edge of SA7	55	75	2	1.89	Weak	Weak field boundaries or no clear boundary to the majority of the site. Bound by Irby Road to the south west.
1980	SP059	Edge of SA7	61	84	4	1.09	Weak	Weak field boundary to the majority. Bound by Irby Road to the east.
1981	SP062	Edge of SA7	57	78	2	11.57	Weak	Weak field boundary to the majority of the site.
1982	SP064	Edge of SA7	56	77	2	7.89	Weak	Weak field boundary to the majority of the site. Part bound by Barnston Road and existing development in the Green Belt to the east.
1983	SP013	SA8	56	77	2	1.43	Moderate	Part bound by Column Road and existing development in the Green Belt. Weak field or no boundary to the west.
1984	SP042	Edge of SA4	49	67	2	37.14	Moderate	Part bound by M53, Old Clatterbridge Road, Poulton Road and existing development in the Green Belt. Weak field boundary to the south.
2050	SP076A	SA8	58	79	3	4.75	Strong	Bound by Clatterbridge Road, Mount Road and existing development in the Green Belt. Weak field boundary to the south.
2073	SP111	SA8	65	89	2	0.64	Strong	Bound entirely by Clatterbridge Road and Mount Road.
3002	SP049	SA8	59	81	2	1.43	Weak	Weak field boundary to the majority of the site. Part bound by New Chester Road and existing development in the Green Belt to the east.
3003	SP001	Edge of SA5	40	55	4	46.92	Strong	Bound entirely by Saughall Massie Road and Pump Lane.
3004	SP080	SA8	47	64	2	5.6	Weak	Part bound by a stream and tree belt to the south and east and a weak field boundary to the north. Bound by Willaston Road and existing development in the Green Belt to the west and north.
3007	SP003	Edge of SA5	57	78	2	0.71	Weak	Part bound by the Arrowe Brook to the east and no clear boundary to the north of the site. Bound by Saughall Road and existing development in the Green Belt to the west and south.
3027	SP072	SA8	62	85	4	0.22	Weak	Isolated location. Weak field boundaries to the majority of the site. Part bound by existing development in the Green Belt.
3028	SP052	SA8	59	81	2	0.11	Moderate	Bound by Eastham Village Road, existing development in the Green Belt and Torr Park.
