Core Theme 1. Land, soils, minerals and waste sites

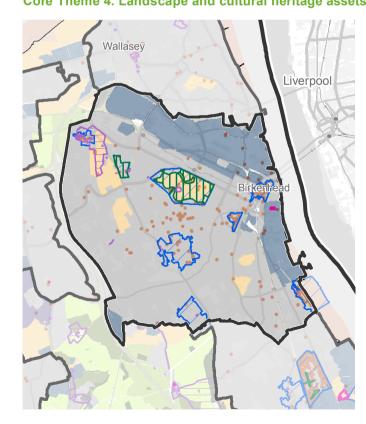

Core Theme 2. Ecology and geology assets

Core Theme 3. Water and coastal environment assets

Core Theme 4. Landscape and cultural heritage assets

Core Theme 5. Green space and recreation assets

Core Theme 6. Carbon storage assets

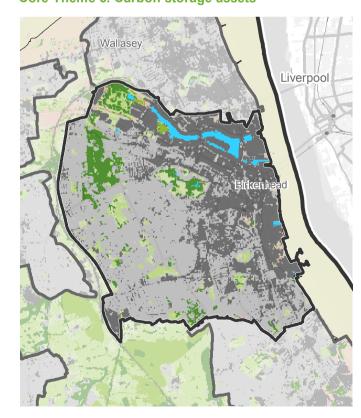

Figure 13.3 Environmental constraints around

Wirral boundary	Flood zone 3
Other Local Authority	Flood zone 2
boundary Landform edge	River
Birkenhead	Waterbody
commercial/urban area	Nitrate vulnerable zone
Other settlement area	Source protection zone
Core theme 1. Land Soils	1
Permitted waste site	2
 Industry / processing facility 	3
Urban waste water	Core theme 4. Historic
treatment plant	Scheduled monument
Waste disposal site	Site of archaeological
Historic landfill site	importance
Brownfield site	Registered parks and
gricultural Land	gardens Conservation area
Classification	Listed building
Grade 2	=
Grade 3	Cheshire historic characterisation
Non Agricultural	Ancient Fieldscapes
Urban	C20th Fieldscapes
ore theme 2. Ecology	Post Medieval Fieldsca
WeBS boundaries	Communications
Local Nature Reserve	Industry
Local Wildlife Site	Non-improved Land
Potential Local Wildlife Site	Ornamental
Local Geological Site	Recreation
Ramsar	Settlement
Special Area of	Woodland
Conservation	Core theme 5. Greenspace
Special Protection Area	Public Right of Way
Site of Special Scientific	Open space
Interest	Allotment
SSSI Impact Risk Zone -	Golf course
Residential	
Open mosaic habitat	Country park Core Theme 6. Carbon
riority Habitat Inventory (PHI)	storage
Coastal and floodplain	Broadleaved woodland
grazing marsh Coastal sand dunes	Coniferous woodland
	Arable and horticulture
Deciduous woodland	Improved grassland
Good quality semi-improved grassland	Neutral grassland
Lowland dry acid grassland	Freshwater
Lowland heathland	Supra-littoral sediment
Mudflats	Littoral rock
No main habitat but	Littoral sediment
additional habitats present	Saltmarsh
	Urban
Reedbeds	
Reedbeds Traditional orchard	
Traditional orchard	Suburban
Traditional orchard pre theme 3. Water	

Risk of flooding from surface water (1%)
