Subject: Wirral Local plan - Consultation on main modifications

1) To was the Wirral Local Plan Examination Planning Inspectors
Dear Sirs

2) The following statements apply to each modification to which we respond below

3) We have read and agree to the Consultation Data Protection Notice.

4) We have followed the stages of development and support the Wirral Local Plan and wish it to be adopted ASAP and is sound.

5) We continue to support the approach and work of Wirral Green Space Alliance and confirm WGSA speaks for us in their responses given below.

a) We support the confirmation the exceptional circumstances to justify alteration to the green belt do NOT exist in Wirral.

b) We support the local plan with a total figure of 11,814 net additional dwellings over the plan period up to 2040.

c) We support the plan as it is and consider it to be good and sound overall.

d) We consider that modification of the text has gone too far resulting in the watering down of prescriptive protection of best and most versatile green belt agricultural land.

This is in regards to the policy for the rural area agricultural land.

Finally we would like to add what a fine job WGSA and ITPAS are doing in protecting the Wirral countryside and the fantastic Wirral community.

Best regards
John and Sheila Clough
