

Person ID	ID	Question 8.16 - Do you think there is anything else that the Council could do to address health and wellbeing within the Local Plan? For example: (please select)	Question 8.16a - If other, please describe:	Question 8.16b - Please provide further comments:	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1246747	LPIO-10279	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas; Other (please state)		Protect the greenbelt!						
1246724	LPIO-10610	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development;; Promote the regeneration of rundown areas		More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1241337	LPIO-10665	Open spaces; Promote walking and cycling and safe routes; Promote the regeneration of rundown areas		More can be done to reduce traffic and reduce the erosion of green and open spaces. Planning committees must be accountable on these issues.						
1246544	LPIO-10683	Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Other (please state)	Restricting gambling outlets, expanding the landlord licensing scheme	More use of cumulative impact policies could be made to control expansion of alcohol reatellers, as well as fast-food and gambling outlets						
1246242	LPIO-11005			Council Planning Committees need to be accountable and understand the need for green and open spaces for the wellbeing of its residents.						
1243890	LPIO-1150	Other (please state)	The greenbelt is important to our health and wellbeing							
1247196	LPIO-11626			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247015	LPIO-11872			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247214	LPIO-12459			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247492	LPIO-12561			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1240843	LPIO-12717			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247578	LPIO-12916			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247510	LPIO-13041			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1246335	LPIO-13179			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1246853	LPIO-13432			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1246852	LPIO-13558			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247746	LPIO-13713			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1238192	LPIO-13821			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247012	LPIO-13875			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247014	LPIO-13929			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						

Person ID	ID	Question 8.16 - Do you think there is anything else that the Council could do to address health and wellbeing within the Local Plan? For example: (please select)	Question 8.16a - If other, please describe:	Question 8.16b - Please provide further comments:	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1244681	LPIO-1396	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas; Other (please state)		More can be done to reduce traffic, reduce the erosion of green & open spaces. We can reduce or at least restrict fast food and gambling outlets that cause so much social harm. Landlord licencing should be expanded to improve conditions for Renters. Greater use of Cumulative Impact Policies can prevent even more alcohol retailers, especially in economically disadvantaged parts of the Borough.						
1242183	LPIO-14030			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247218	LPIO-14125			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247219	LPIO-14229			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247220	LPIO-14326			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247222	LPIO-14454			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247226	LPIO-14544			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247245	LPIO-14642			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1246827	LPIO-14760			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247016	LPIO-14865			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247018	LPIO-14935			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1243700	LPIO-1531	Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Leisure centres; Promote the regeneration of rundown areas		The Council is promoting cycling as beneficial for numerous reasons. More dedicated cycle lanes are promised - great! however there is a flaw, many of our existing dedicated cycling lanes are unusable because vehicles park in them. They do this because there is no other available space to park. What is the use of that cycle lane?						
1247246	LPIO-15380			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247248	LPIO-15510			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247251	LPIO-15602			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247252	LPIO-15689			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247274	LPIO-15793			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247275	LPIO-15947			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247936	LPIO-16061			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247287	LPIO-16255			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247344	LPIO-16343			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247349	LPIO-16430			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247353	LPIO-16519			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						

Person ID	ID	Question 8.16 - Do you think there is anything else that the Council could do to address health and wellbeing within the Local Plan? For example: (please select)	Question 8.16a - If other, please describe:	Question 8.16b - Please provide further comments:	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1241381	LPIO-166	Promote walking and cycling and safe routes; Open spaces; Other (please state)		Open Spaces... continue to help Allotment sites function as well as possible ... if the need arises/is requested ensure that space is made available... Possibly in areas where new housing is placed... might need to re-name as "community food growing areas" Walking and Cycle ways... the more the better! In some NationalParks the cycling areas have helpful notices such as... "Share the Path" "Cyclists respect other users of the path" "Dog owners keep you dog under control where you share with Walkers and Cyclists" "Walkers leave some room for cyclists to pass" Restrict the number and location of betting shops - Gambling addiction destroys health and well being						
1247354	LPIO-16613			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247434	LPIO-16715			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247436	LPIO-16821			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247935	LPIO-16952			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247437	LPIO-17018			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247439	LPIO-17019			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247960	LPIO-17238			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247962	LPIO-17328			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247966	LPIO-17439			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1244969	LPIO-1751	Open spaces; Promote walking and cycling and safe routes; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas		Active travel across settlement area 8 and more connectivity for active travel across the borough. Provide public transport services which travel to and from employment areas at the correct time of day which will help to reduce single occupancy vehicle journeys that cause pollution which WBC are failing to record effectively						
1247971	LPIO-17536			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1241726	LPIO-17636			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247979	LPIO-17807			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.

1248150	LPIO-22498			The housing stock in thee areas to be upgraded and retrofitted to make them carbon zero. Empty houses to be brought into use. Extra community policing to make residents feel more secure. Better public transport in these areas in particular, including trams. Squeeze pocket parks into these areas rather than more housing. These areas shame us all. The quality of life and mental and physical well being of residents is massively affected by the run-down housing stock and the general lack of possibilities for contact with nature. Repair recycling and upcycling of resources to be encouraged in these areas in the form of workshops. All community centres to be upgraded to the standard of the same in affluent areas. The difference between a community centre in Seacombe and in Hoylake is enormous. Even the one in New Brighton is small dank and miserable. People without resources deserve bright attractive spaces where they can pass their time. Access to such places should not just be for the affluent.						
1247160	LPIO-22561			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247159	LPIO-22562			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.

1247173	LPIO-23099			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247174	LPIO-23100			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247175	LPIO-23210			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247176	LPIO-23211			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247177	LPIO-23367			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247178	LPIO-23368			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1247179	LPIO-23369			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1248347	LPIO-23526			Government policy emphasises the important role of green spaces and physical activity in promoting good physical and mental health and preventing ill health. It will be helpful to explain in more detail how the proposed development options support wider government policies in areas such as these.						
1241016	LPIO-236	Open spaces; Promote walking and cycling and safe routes		The Wirral Way is well used by walkers and cyclists. It helps well-being through exercise and by the sense of peace and tranquility, engendered by the views across the estuary to Wales. This is also true of the promenade in New Brighton with its view of the Mersey and the Liverpool skyline. There is a real opportunity to enhance the walking and cycling routes and encourage more people to use them. For example the link between the Wirral Way and Caldly Hill, leading through to Royden Park across to Thurstaston could be further developed and protected.						
1245146	LPIO-2363	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Ensure adequate healthcare as part of new development;; Promote the regeneration of rundown areas								
1242185	LPIO-23955			No. We recommend that the Council does not allocated Green Belt sites for development, due to the absence of a justification to plan for 12,000 over the life of the Local Plan. We believe the Council should focus on further on regeneration. The health blight caused by vacant and derelict sites will be resolved and the greenspace, which has a range of positive health and well-being benefits, protected for the enjoyment of all in the future. Please refer to the extensive report provided on Air Quality & Health issues attached.	https://wirral-consult.objective.co.uk/file/5659121	https://wirral-consult.objective.co.uk/file/5684263	https://wirral-consult.objective.co.uk/file/5657006			
1248557 (Environment Agency)	LPIO-24465			Only that recognition of the physical and mental health & wellbeing benefits provided by green and blue infrastructure and the wider natural environment be increased.						
1244826	LPIO-2482	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Ensure adequate healthcare as part of new development;; Promote the regeneration of rundown areas		More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees must also be accountable for this issue.						
1246458	LPIO-25833			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1246459	LPIO-25834			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1243721	LPIO-2621	Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Promote the regeneration of rundown areas		reduce traffic, reduce the erosion of green & open spaces.						
1249219	LPIO-26491			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.	https://wirral-consult.objective.co.uk/file/5677529	https://wirral-consult.objective.co.uk/file/5677528				

Person ID	ID	Question 8.16 - Do you think there is anything else that the Council could do to address health and wellbeing within the Local Plan? For example: (please select)	Question 8.16a - If other, please describe:	Question 8.16b - Please provide further comments:	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1240932	LPIO-26635			We are committed to working proactively with the Council to deliver programmes and schemes addressing the health and wellbeing challenges identified in the Interim Health Impact Assessment and other evidence base documents. Our holistic approach to placemaking could not only deliver the quality homes the Borough requires but create connected communities with new long-distance off-road cycleways and footpaths as well as increased access to natural green space to improve the mental and physical health of residents. Improving health and wellbeing is at the heart of our Vision.	https://wirral-consult.objective.co.uk/file/5683689	https://wirral-consult.objective.co.uk/file/5682697	https://wirral-consult.objective.co.uk/file/5682701			
1245180	LPIO-2793	Other (please state)		More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1245058	LPIO-2814	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas; Other (please state)	More can be done to reduce traffic, reduce the erosion of green open spaces. We can reduce or at least restrict fast food and gambling outlets that cause so much social harm. Landlord licencing should be expanded to improve conditions for renters. Greater use of Cumulative Impact Policies can prevent even more alcohol retailers, especially in economically disadvantaged parts of the Borough.	Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Other (please state)						
1245100	LPIO-2819	Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Other (please state)	Landlord Licensing should be expanded to improve conditions for renters. The greater use of Cumulative Impact Policies can prevent even more alcohol retailers, especially in ,ore economically disadvantaged parts of the Borough	More can be done to reduce traffic and to reduce the erosion of green and open spaces. In terms of walking and cycling, active transport must be prioritised over road development and car use. We will all be healthier if there is a reduction in pollution from cars and if we actively walk more. One answer lies in the development of low car neighbourhoods , based on the Mini Holland developments where residents are encouraged to walk within neighbourhood by default, because of the way the walking routes and roads are designed.						
1241925	LPIO-287	Leisure centres		The Local Plan should designate the land currently covered by Europa Pool as leisure instead of housing and retain the pool on site. Europa Pool Leisure Centre has been opened to the public less than 24 years ago and provides a vital service to our community. It would be unsustainable to demolish a public building after such a short period of use. Europa Pool is the only swimming pool in Birkenhead and has a vast catchment area. It is vital to keep the pool at the heart of our community and to increase rather than reduce the swimming facilities, especially as large new housing nearby will bring new residents in need of leisure provision. Birkenhead has long been suffering from underinvestment and there are pockets of deprivation. I want to believe that the Council will take a stand against the growing obesity crisis in this country and keep this essential health hub for local residents. I appreciate that an enormous amount of new housing will need to be provided and acknowledge the benefits that a denser mixed-use redevelopment of the town centre will bring, but his should not be to the detriment of the only pool in town. Birkenhead contains huge areas of industrial and unused land with enough brownfield sites to provide housing land for generations. Surely there will be enough sites to provide the same if not more housing than could possibly be accommodated within the footprint of Europa Pool.						
1248546 (Wirral Wildlife)	LPIO-2887	Open spaces; Promote walking and cycling and safe routes; Promote the regeneration of rundown areas		Wirral Wildlife support the Council's approach, noting that green infrastructure and especially semi-natural or naturalistic habitats are particularly good for people's physical and mental health and should be protected, expanded and linked up, with suitable public access where it will not harm the nature conservation value.						
1238379	LPIO-2915	Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas								
1245159	LPIO-3098	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas; Other (please state)		Raise maintenance standards in parks and protect parks from any development and improve park facilities. Support the provision of a nature/bird reserve between Hoylake and West Kirby - the hobby of nature watching is good educationally and for mental health reasons and for activities involving volunteering.						

Person ID	ID	Question 8.16 - Do you think there is anything else that the Council could do to address health and wellbeing within the Local Plan? For example: (please select)	Question 8.16a - If other, please describe:	Question 8.16b - Please provide further comments:	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1241315	LPIO-3323	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Promote the regeneration of rundown areas		More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1237944	LPIO-3471	Control the number and location of fast food outlets; Open spaces		The provision of public toilets in open space areas, or the renovation of existing public toilets, should be included in the Local Plan, bearing in mind the ageing population the Council's statistics have already indicated						
1242519	LPIO-3489	Open spaces; Promote walking and cycling and safe routes; Promote the regeneration of rundown areas		Reduce the unnecessary building target.						
1245451	LPIO-3602	Open spaces; Promote walking and cycling and safe routes		Maintain parks better and make improvements to promote health and well-being including fitness machines in West Wirral parks.						
1245462	LPIO-3649	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas; Other (please state)		Raise maintenance standards in parks and protect parks from any development and improve park facilities. Maintain parks better and make improvements to promote health and well-being including fitness machines in West Wirral parks.						
1237827	LPIO-3835	Control the number and location of fast food outlets; Promote walking and cycling and safe routes; Open spaces; Promote the regeneration of rundown areas; Other (please state)	Promote occasional car free weekends in town and village centres							
1245288	LPIO-3904	Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas								
1238835	LPIO-4048	Open spaces; Leisure centres; Promote walking and cycling and safe routes; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas		There is so much that Council can do to address this issue. To begin with, Council Planners both individually and collectively need to take ownership of their decisions rather than feign anonymity or hide behind Council leader. Council needs to provide plans to ensure that houses are built where people want them ie not on our Greenbelt, so that they are near to their jobs and individual support network. Council need to ensure that road traffic is significantly reduced. Council needs to spearhead a campaign to encourage more cycling and walking activities. Council need to attract more new jobs into the BRF area, in order to sustain the new residents of Wirral Waters and other BRF sites.						
1240939	LPIO-4184	Promote the regeneration of rundown areas								
1245346	LPIO-4272	Control the number and location of fast food outlets; Promote walking and cycling and safe routes; Open spaces		More can be done to reduce traffic, reduce the erosion of green & open spaces. We can reduce or at least restrict fast food and gambling outlets that cause so much social harm. Landlord licencing should be expanded to improve conditions for Renters. Greater use of Cumulative Impact Policies can prevent even more alcohol retailers, especially in economically disadvantaged parts of the Borough.						
1245638	LPIO-4323	Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Promote the regeneration of rundown areas; Ensure adequate healthcare as part of new development		More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1244720	LPIO-4774	Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Promote the regeneration of rundown areas								
1244629	LPIO-4985			Less cars will mean less emissions which will mean lower pollution levels so it is imperative that the correct number of houses is built so let's get this right in a transparent manner, not behind closed doors where residents have no say.						

Person ID	ID	Question 8.16 - Do you think there is anything else that the Council could do to address health and wellbeing within the Local Plan? For example: (please select)	Question 8.16a - If other, please describe:	Question 8.16b - Please provide further comments:	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1237923	LPIO-5107	Leisure centres; Open spaces; Promote the regeneration of rundown areas		reduce traffic and reduce the erosion of open spaces.						
1245713	LPIO-5133	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas								
1241065	LPIO-519	Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Promote the regeneration of rundown areas								
1246006	LPIO-5357			More can be done to reduce traffic, reduce the erosion of green & open spaces. We can reduce or at least restrict fast food and gambling outlets that cause so much social harm. Landlord licencing should be expanded to improve conditions for Renters. Greater use of Cumulative Impact Policies can prevent even more alcohol retailers, especially in economically disadvantaged parts of the Borough.						
1240383	LPIO-5459	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas; Other (please state)	Introduce safe active travel to rural areas							
1246041	LPIO-5560	Open spaces; Promote walking and cycling and safe routes								
1242541	LPIO-5676	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas; Other (please state)	Greening	Greening, green infrastructure, green space. World health organisation demonstrating the benefits of Urban Green Spaces - http://www.euro.who.int/en/health-topics/environment-and-health/pages/news/news/2016/11/who-report-shows-urban-green-spaces-deliver-multiple-health-benefits . Green economy World Health Organisation demonstrating health benefits of health impacts of climate change mitigation strategies https://www.who.int/hia/green_economy/en/ More can be done to reduce traffic, reduce the erosion of green & open spaces. We can reduce or at least restrict fast food and gambling outlets that cause so much social harm. Landlord licencing should be expanded to improve conditions for Renters. Greater use of Cumulative Impact Policies can prevent even more alcohol retailers.						
1245984	LPIO-5773	Other (please state)		Health and well-being of the local population should be one of the main priorities of the Council. Maintaining green spaces, green belt and accessible leisure facilities all contribute to health and well being. One of the major threats to the residents of the Wirral is climate change. The Council has declared a crisis but needs to be more proactive especially in terms of the Local Plan in reducing carbon emissions in new developments, planting more trees and converting to greener energy sources.						
1246310	LPIO-5981	Other (please state)	More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.							
1246345	LPIO-6087	Other (please state)		Given the number of obese children and littering, the messages re. the importance of a healthy lifestyle and the need to protect the environment are clearly not getting through to the next generation. There needs to be a major effort in the education system to help address this.						

Person ID	ID	Question 8.16 - Do you think there is anything else that the Council could do to address health and wellbeing within the Local Plan? For example: (please select)	Question 8.16a - If other, please describe:	Question 8.16b - Please provide further comments:	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1238310	LPIO-6199	Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas; Open spaces; Leisure centres; Promote walking and cycling and safe routes		The draft final plan should be delayed. WBC needs to apply the findings of its reports and its stated approaches to the plan. The Interim Health Impact Assessment of Emerging Wirral council local plan November 19 provides good advice. WBC needs to follow its guidance with regard to health and well-being objectives. Do not remove greenbelt, one of the strongest free medicines for health and wellbeing. Greenbelt has a tangible positive value for health, wellbeing climate mitigation food production and recreation purposes all given for free to WBC. Do not lose valuable greenbelt benefits. Remove option 2a and 2b. What else gives this fabulous health and wellbeing value for free?						
1242751	LPIO-654	Open spaces; Other (please state)	More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.	More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1241800	LPIO-6837	Promote the regeneration of rundown areas; Other (please state); Ensure adequate healthcare as part of new development		I would love for Wirral to have its own lido. Swimming is very popular in Wirral, as attested by the many people who swim regularly in council swimming pools. As someone who's tried swimming in Europa Pools and in the docks of Liverpool I think it would be nice to have something that was in between these two extremes. I would love to be able to swim in a safe, maintained outdoor pool, with access to changing rooms, secure locker storage for valuables and open air swimming.						
1241661	LPIO-6842	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas; Other (please state)		More can be done to reduce traffic, reduce the erosion of green & open spaces. We can reduce or at least restrict fast food and gambling outlets that cause so much social harm. Landlord licencing should be expanded to improve conditions for Renters. Greater use of Cumulative Impact Policies can prevent even more alcohol retailers, especially in disadvantaged parts of the Borough.						
1241868	LPIO-6850	Open spaces; Promote the regeneration of rundown areas		Plant more trees in urban areas and in parks. Do not release any land from the Green Belt.						
1241723	LPIO-6946	Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas; Open spaces		More can be done to reduce traffic, reduce the erosion of green & open spaces. We can reduce or at least restrict fast food and gambling outlets that cause so much social harm. Landlord licencing should be expanded to improve conditions for Renters. Greater use of Cumulative Impact Policies can prevent even more alcohol retailers, especially in economically disadvantaged parts of the Borough.						
1245086	LPIO-6983	Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas; Leisure centres		All the above have their part to play in our health & well-being. E.g. all our open spaces should be preserved & enhanced. An improvement in public transport would help many more people get into the countryside, leisure centre etc without recourse to a car. There is a pressing need to improve public transport on the Wirral.						
1237647	LPIO-720	Promote walking and cycling and safe routes; Ensure adequate healthcare as part of new development; Open spaces; Promote the regeneration of rundown areas; Other (please state)	The need for health and wellbeing starts at birth and therefore provision of amenities and infrastructure need to be integrated with education, childcare and social services.							
1246488	LPIO-7311			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1246348	LPIO-7373	Open spaces; Promote the regeneration of rundown areas		Run down places have been woefully neglected by the council. They should be a priority, rather than making excuses why the green belt should be built on. Council pursued the Hoylake golf development for years and years rather than concentrating its efforts on Birkenhead and similar places.						

Person ID	ID	Question 8.16 - Do you think there is anything else that the Council could do to address health and wellbeing within the Local Plan? For example: (please select)	Question 8.16a - If other, please describe:	Question 8.16b - Please provide further comments:	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1240932	LPIO-7635	Promote walking and cycling and safe routes; Ensure adequate healthcare as part of new development		Yes, there is. Our Client is committed to working proactively with the Council to deliver programmes and schemes addressing the health and wellbeing challenges identified in the Interim Health Impact Assessment and other evidence base documents. Our Client's holistic approach to placemaking could not only deliver the quality homes the Borough requires but create connected communities with new long distance off road cycleways and footpaths as well as increased access to natural green space to improve the mental and physical health of residents. William Lever's Port Sunlight led the world on incorporating health and wellbeing into beautiful development. Providing for health and wellbeing underpins the Our Client's Vision. Therefore, Our Client would welcome the opportunity to engage further with the Council to discuss how such a comprehensive approach can be developed through the Local Plan to improve physical and mental health and wellbeing across the Borough.	https://wirral-consult.objective.co.uk/file/5683689	https://wirral-consult.objective.co.uk/file/5682697	https://wirral-consult.objective.co.uk/file/5682701			
1246581	LPIO-7656	Open spaces		More should be done to reduce the erosion of green and open spaces						
1246592	LPIO-7848	Open spaces; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas		More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1246594	LPIO-8013	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas		More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1240903	LPIO-8041	Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Promote the regeneration of rundown areas		More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue. We do not need more development.						
1246431	LPIO-8085	Open spaces; Promote the regeneration of rundown areas; Promote walking and cycling and safe routes; Other (please state)	retain greenbelt and landscapes of special value	The well-being of local people is enhanced by keeping open spaces, and open vistas which are currently under threat due to option 2a and 2b Areas which require regeneration are hard places to live - step changes in those areas have potential to bring great health and well-being benefits for their residents.						
1246596	LPIO-8092	Promote walking and cycling and safe routes; Open spaces; Promote the regeneration of rundown areas		More can be done to reduce traffic and reduce the erosion of green and open spaces. Planning committees MUST also be accountable on this issue.						
1246605	LPIO-8208			More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue						
1237882	LPIO-8473	Open spaces; Promote walking and cycling and safe routes; Ensure adequate healthcare as part of new development; Other (please state);	More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.	More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1237748	LPIO-8519	Other (please state)		More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.						
1240653	LPIO-8799	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas								
1241770	LPIO-8801	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas								
1245472	LPIO-8969	Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas		Proposals will need firm enforcement with appropriate resources made available						

Person ID	ID	Question 8.16 - Do you think there is anything else that the Council could do to address health and wellbeing within the Local Plan? For example: (please select)	Question 8.16a - If other, please describe:	Question 8.16b - Please provide further comments:	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1240872	LPIO-9186	Other (please state)		Think about your current residents and the impact 12000 homes will have on our unique peninsula. If this plan is allowed to go ahead against the wishes and informed views of the people of Wirral then the Wirral will never be the same again. A short term gain for a few to the detriment of the many. Don't let this happen! Revise the figures to reflect the true need something of the order of 3-4 thousand maximum						
1239377	LPIO-9227	Open spaces; Promote walking and cycling and safe routes; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas		More can be done to reduce traffic, reduce the erosion of green and open spaces. Planning committees must be made accountable on this issue as it is their decisions which affect all of our lives and the lives of future generations!						
1245034	LPIO-9238	Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas		Ensure adequate healthcare for communities in existing areas as well as in new developments. This would include working with health authorities to help ensure that there is an adequate ratio of General Practitioners to patients in all areas, particularly the East side of the borough. Also need to ensure that there are frequent direct public transport links to key health service sites, such as Arrowe Park and St. Catherine's hospitals.						
1246651	LPIO-9276	Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas		Much more can and should be done to reduce traffic and to reduce the erosion of green and open spaces. There should be a reduction or at least a restriction of fast food and gambling outlets that cause so much social harm and harm to people's health and wellbeing. Private landlord licensing should be expanded to improve conditions for renters. There should be greater use of Cumulative Impact Policies which can prevent more alcohol retailers especially in economically disadvantaged parts of the Borough.						
1246678	LPIO-9397	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas								
1241495	LPIO-9472	Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Promote the regeneration of rundown areas		In addition it is widely accepted that access to green open spaces, both coast and countryside, is beneficial to people's physical and mental wellbeing. Therefore these spaces should be protected preferably with funding available to look after them.						
1246624	LPIO-9490	Leisure centres; Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development;; Promote the regeneration of rundown areas; Other (please state)		loss of greenbelt, open green spaces and farm land will not help health and wellbeing. Motor traffic need reducing to alleviate air and noise pollution						
1243448	LPIO-980	Open spaces; Promote walking and cycling and safe routes; Ensure adequate healthcare as part of new development; Other (please state)	work in partnership with local industry and commerce, power providers, public transport providers, developers and others to reduce air pollution.							
1246693	LPIO-9912	Open spaces; Promote walking and cycling and safe routes; Control the number and location of fast food outlets; Ensure adequate healthcare as part of new development; Promote the regeneration of rundown areas		More can be done to reduce traffic, reduce the erosion of green & open spaces. Planning committees MUST also be accountable on this issue.
