

Person ID	ID	Question 8.19 - Do you agree with our preferred approach for planning for minerals within Wirral?	Question 8.19a - If you answered No, what what would you change and why? Do you have an alternative approach? If Yes, you can comment here.	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1246747	LPIO-10283	yes	No Fracking!						
1246724	LPIO-10618	yes							
1241065	LPIO-10638	no							
1246544	LPIO-10727	yes	There should be, however, an absolute commitment not to allow any fracking, underground coal gasification, acid-injection, or similar						
1246544	LPIO-10741	yes	There should be an absolute commitment not to allow any fracking, underground coal gasification, or acid injection						
1246242	LPIO-11008		Not aware of the Council's thinking from the Local Plan.						
1243890	LPIO-1153	yes							
1247196	LPIO-11629		Not conversant with this issue						
1247492	LPIO-12565		Not conversant with this issue						
1240843	LPIO-12720		Not conversant with this issue						
1247578	LPIO-12921		Not conversant with this issue						
1247510	LPIO-13044		Not conversant with this issue						
1246335	LPIO-13182		Not conversant with this issue						
1246853	LPIO-13435		Not conversant with this issue						
1246852	LPIO-13561		Not conversant with this issue						
1247746	LPIO-13716		Not conversant with this issue						
1247015	LPIO-13779	no	We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1238192	LPIO-13834	no	We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247012	LPIO-13888	no	We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247014	LPIO-13943	no	We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1244681	LPIO-1399	yes	Any new applications for fossil fuel extraction must not have a negative impact on climate change There needs to be an absolute commitment not to allow any possible future fracking or underground coal-gasification or, at the very least, the strongest possible wording to deter such developments.						
1242183	LPIO-14035		Not conversant with this issue						
1247218	LPIO-14128		Not conversant with this issue						
1247219	LPIO-14233		Not conversant with this issue

1247021	LPIO-18429	no	We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247022	LPIO-18483	no	We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247023	LPIO-18538		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247024	LPIO-18593		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247025	LPIO-18711		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247038	LPIO-18712		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247039	LPIO-18823		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247040	LPIO-18824		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						

Person ID	ID	Question 8.19 - Do you agree with our preferred approach for planning for minerals within Wirral?	Question 8.19a - If you answered No, what would you change and why? 1247041	LPIO-18886		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247042	LPIO-18951		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247060	LPIO-19066		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247061	LPIO-19067		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247064	LPIO-19178		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247068	LPIO-19232		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247071	LPIO-19289		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247072	LPIO-19347		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247078	LPIO-19403		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247080	LPIO-19526		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247081	LPIO-19527		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						

Person ID	ID	Question 8.19 - Do you agree with our preferred approach for planning for minerals within Wirral?	Question 8.19a - If you answered No, what would you change and why? 1247147	LPIO-21872		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247148	LPIO-21982		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						

Person ID	ID	Question 8.19 - Do you agree with our preferred approach for planning for minerals within Wirral?	Question 8.19a - If you answered No, what would you change and why? Do you have an alternative approach? If Yes, you can comment here.	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1247150	LPIO-21984		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1245112	LPIO-2200	yes							
1244329	LPIO-22047		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247119	LPIO-22152		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1246678	LPIO-22153		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247151	LPIO-22260		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247152	LPIO-22261		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247153	LPIO-22374		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247155	LPIO-22375		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247156	LPIO-22489		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247158	LPIO-22490		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247159	LPIO-22520		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						

Person ID	ID	Question 8.19 - Do you agree with our preferred approach for planning for minerals within Wirral?	Question 8.19a - If you answered No, what would you change and why? Do you have an alternative approach? If Yes, you can comment here.	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1247160	LPIO-22521		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247161	LPIO-22739		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247164	LPIO-22740		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247167	LPIO-22862		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247168	LPIO-22863		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247169	LPIO-22890		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247170	LPIO-22891		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247173	LPIO-23127		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247174	LPIO-23128		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247175	LPIO-23246		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247176	LPIO-23247		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						

Person ID	ID	Question 8.19 - Do you agree with our preferred approach for planning for minerals within Wirral?	Question 8.19a - If you answered No, what would you change and why? Do you have an alternative approach? If Yes, you can comment here.	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1247177	LPIO-23409		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247178	LPIO-23410		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1247179	LPIO-23411		We do not consider that the Council's approach to heritage is adequate. In particular, we do not consider that there is sufficient protection for buildings classed A and B in Heswall's Conservation Areas Management and Appraisal Plans nor for sandstone walls and trees within the conservation areas. We strongly advocate a Local Listing for non-designated heritage assets (e.g. Heswall Police Station).						
1242185	LPIO-23958		Please note that the Government was forced to remove paragraph 209 a) from the NPPF following the TalkFracking ruling, that ruled it unlawful. Shale gas exploration and production cannot be assumed to be compatible with climate change goals; therefore assessments of greenhouse gas emissions over the lifetime of projects are required with applications concerning shale oil and gas exploration. Similarly peat extractions ought to be prohibited in line with the national planning policy for climate change and encouragement of the conservation of peat is crucial due to its important carbon sequestering ability. Degraded peat can release carbon into the atmosphere, so it is important to have Local Plan policies that are effective at avoiding greenhouse gas emissions. Development on peat should also be discouraged. Developer contributions to restore peat where it exists should be encouraged.	<a href="https://wirral-consult.objective.co.uk/file/5659121">https://wirral-consult.objective.co.uk/file/5659121</a>	<a href="https://wirral-consult.objective.co.uk/file/5684263">https://wirral-consult.objective.co.uk/file/5684263</a>	<a href="https://wirral-consult.objective.co.uk/file/5657006">https://wirral-consult.objective.co.uk/file/5657006</a>			
1248483	LPIO-24056		There is reference to marine sand winning at paragraph 8.126. However, other than to indicate that mineral resources will be the subject of individual planning policies there is no discussion of how this relates to port interests. For example, although the facility at Bromborough is now not in use, it is a fully consented site with planning permission and an Environment Agency permit is in place. There is potential for this facility to be resurrected in the short term to meet anticipated dredging requirements. Further information on the current status of port facilities is provided in our attachment. --- Draft Policy 3 (Safeguarding Mineral Reserves and Infrastructure) reported to the Planning Sub-Committee on 3 March 2020 is acceptable so far as it relates to marine-won minerals and the safeguarding of the Bromborough facility.	<a href="https://wirral-consult.objective.co.uk/file/5658624">https://wirral-consult.objective.co.uk/file/5658624</a>					
1248531	LPIO-24337		There is a need to safeguard industrial and mineral land interests within the emerging Local Plan, in accordance with National Planning Policy, such as: "existing, planned and potential sites for: the bulk transport, handling and processing of minerals; the manufacture of concrete and concrete products; and the handling, processing and distribution of substitute, recycled and secondary aggregate material" (NPPF, paragraph 204(e)) and protect them from the introduction of any incompatible future development (NPPF, paragraph 182 refers).	<a href="https://wirral-consult.objective.co.uk/file/5657713">https://wirral-consult.objective.co.uk/file/5657713</a>					

Person ID	ID	Question 8.19 - Do you agree with our preferred approach for planning for minerals within Wirral?	Question 8.19a - If you answered No, what would you change and why? Do you have an alternative approach? If Yes, you can comment here.	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1248571 (Cheshire West and Chester Council)	LPIO-24550		Minerals: The Council notes that page 155 states that there are no workable resources for land-won crushed rock, sand and gravel or industrial minerals in Wirral. However, there is the potential for marine aggregates and this should be highlighted. It may also be necessary to reconsider what mineral resources are 'workable' / viable as there is a lack of sand and gravel within the Greater Manchester, Merseyside and Warrington area, as identified in the Local Aggregate Assessment, and it is not clear at this stage how this issue will be dealt with. The Issues and Options Consultation report identifies landings at Bromborough, but states that the facility is closed, according to the NWRWP AMR. However, evidence base document EE4 – Wirral Minerals Report 2020, states that Eastham Docks marine sand and gravel import facility has now closed and the Council understands that there are also port facilities at Birkenhead. The potential for marine aggregates and associated landings at port facilities on the Wirral, (both now and in the future), needs to be fully assessed, in order to identify whether all three of these facilities should be safeguarded as minerals infrastructure. This is particularly important as marine aggregates may become more significant in the future, due to the lack of sand and gravel within the Greater Manchester, Merseyside and Warrington area. The Issues and Options Consultation report does not mention Petroleum Exploration and Development Licence (PEDL) areas. However, evidence base document EE4 – Wirral Minerals Report 2020 states that there is one PEDL licence in Wirral – this would need to be shown on the policies map. Paragraph 8.125 states that the Merseyside Mineral Resources Study (2008), (MMRS), recommended that only the Carr Lane Brickworks at Moreton should be safeguarded for future mineral extraction. However, the MMRS refers to the site at Carr Lane being allocated in the UDP and there being an existing permission and potential extension and potential safeguarding area. It would be helpful to clarify if the existing site, or the potential extension, will be allocated in the Local Plan. As the Merseyside area does not have the required landbank for sand and gravel, there needs to be consideration given to how this will be dealt with. It may also be necessary to review the findings of the 2008 MMRS in light of the sand and gravel deficit, as additional sites may now be viable. Whilst it is recognised that the Issues and Options report, and evidence base document EE4 – Wirral Minerals Report 2020, are partly based on the Local Aggregate Assessment 2019, it should be noted that, as identified on page 2 of the LAA, a number of issues regarding weak and absent data were identified by the Aggregates Working Party. Both Lancashire County Council and Cheshire West and Chester Council raised concerns about the assumptions made within the LAA and the lack of detail on the scale of aggregates required to be imported from Mineral Planning Authorities outside the sub-region. The LAA identifies that the next version of the LAA will attempt to more accurately quantify, both marine dredged and imported aggregates, and prepare a true estimate of demand. It also states that more meaningful conversations can then be held, under the Duty to Co- Operate, with those authorities who import aggregates into the sub-region. This work on the next version of the LAA is key and must be taken into account in the Local Plan.						
1248956	LPIO-25434		We reserve the right to comment again once we see the Council's final policy.	<a href="https://wirral-consult.objective.co.uk/file/5677474">https://wirral-consult.objective.co.uk/file/5677474</a>	<a href="https://wirral-consult.objective.co.uk/file/5684859">https://wirral-consult.objective.co.uk/file/5684859</a>

Person ID	ID	Question 8.19 - Do you agree with our preferred approach for planning for minerals within Wirral?	Question 8.19a - If you answered No, what would you change and why? Do you have an alternative approach? If Yes, you can comment here.	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1249100	LPIO-26014 3 of 3		We reserve the right to comment again once we see the Council's final policy.	<a href="https://wirral-consult.objective.co.uk/file/5677507">https://wirral-consult.objective.co.uk/file/5677507</a>					
1245180	LPIO-2797		Not enough information to answer this question.						
1245100	LPIO-2822	no	There needs to be an absolute commitment not to allow any possible future fracking or underground coal gasification on Wirral. Any applications for fossil fuel research or extraction on Wirral must demonstrate that there will be no release of greenhouse gases, which will increase the risks from climate change.						
1237870	LPIO-2847	no	Any mining / open cast mining should NOT be allowed on Wirral.						
1248546 (Wirral Wildlife)	LPIO-2889	no	Wirral Wildlife object to any exploration for oil and gas within Wirral, including the off-shore areas owned by the Borough. Further extraction of fossil fuels will contribute to climate change and is therefore not compatible with the declared Climate Emergency. We cannot extract more fossil fuels and keep within the carbon budget identified in para 8.8.						
1245159	LPIO-3106	yes	Do not allow any oil or gas exploration or fracking.						
1238645	LPIO-3194	yes	There are no significant mineral deposits within Wirral, however any developments for extraction should display a care for the environment and explain how the site will be closed and made good once extraction is finished. No fracking						
1241315	LPIO-3326	no	Move away from virgin aggregates to more use of Recycled Aggregates						
1237944	LPIO-3476	yes							
1245451	LPIO-3594	yes	Do not allow any oil or gas exploration or fracking.						
1245462	LPIO-3651	yes	Do not allow any oil or gas exploration or fracking.						
1237827	LPIO-3838	yes							
1245288	LPIO-3907	yes							
1238835	LPIO-4051	yes	We need to preserve what we have ie Carr Lane brickworks in Moreton.						
1240939	LPIO-4187	yes							
1245346	LPIO-4280	no	Any new applications for fossil fuel extraction must not have a negative impact on climate change. There needs to be an absolute commitment not to allow any possible future fracking or underground coal-gasification or, at the very least, the strongest possible wording to deter such developments.						
1245638	LPIO-4327		Not conversant with this issue.						
1244720	LPIO-4777	no	Wirral should not allow fracking facilities, exploration of or extraction on any of its area.						
1244629	LPIO-4989		No fracking						
1245713	LPIO-5136	no							
1245501	LPIO-5175	no	No areas of the Wirral should be explored for mineral retrieval or shale gas fracking, this includes any coastal areas or estuary zones .						
1239571	LPIO-5288	yes							
1246006	LPIO-5359		Any new applications for fossil fuel extraction must not have a negative impact on climate change						
1242541	LPIO-5674	no	Any new applications for fossil fuel extraction must not have a negative impact on climate change There needs to be an absolute commitment not to allow any possible future fracking or underground coal-gasification or, at the very least, the strongest possible wording to deter such developments.						

Person ID	ID	Question 8.19 - Do you agree with our preferred approach for planning for minerals within Wirral?	Question 8.19a - If you answered No, what what would you change and why? Do you have an alternative approach? If Yes, you can comment here.	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1245984	LPIO-5775		The minerals preferred approach includes making a policy on oil and gas exploration. This policy should include banning of any oil and gas exploration as it is contrary to the Council's stated aim of planning for the climate emergency.						
1246402	LPIO-6493	yes							
1244896	LPIO-6586	no	YES to this Question (do we have views?) but NO to the alternative Question posed: Do you agree with our preferred approach for planning for minerals within Wirral? There is great concern about exploration for oil and gas within Wirral, including the off-shore areas owned by the Borough. Further extraction of fossil fuels will contribute to Climate Change and is therefore not compatible with the declared Climate Emergency. We cannot extract more fossil fuels and keep within the carbon budget identified in para 8.8. Please note that the Government was forced to remove paragraph 209 a) from the NPPF following the 'Talk Fracking' ruling, that ruled it unlawful. Shale gas exploration and production cannot be assumed to be compatible with Climate Change goals; therefore assessments of greenhouse gas emissions over the lifetime of projects are required with applications concerning shale oil and gas exploration. Similarly, peat extractions ought to be prohibited in line with the national planning policy for Climate Change, and encouragement of the conservation of peat is crucial due to its important carbon sequestering ability. Degraded peat can release carbon into the atmosphere, so it is important to have Local Plan policies that are effective at avoiding greenhouse gas emissions. Development on top of peat should also be discouraged. Developer contributions to restore peat where it exists should be encouraged.						
1241661	LPIO-6847	no	Any new applications for fossil fuel extraction must not have a negative impact on climate change. This needs to be specifically stated in the local plan.						
1241800	LPIO-6852	yes	I would like it for no fracking or underground coal gasification to be permitted in Wirral. This is because of associated environmental damage and because we should be weening ourselves off fossil fuels very quickly, in response to climate change.						
1241723	LPIO-6948	yes	However, any new applications for fossil fuel extraction must not have a negative impact on climate change or the geology withing the borough. (earthquakes , flooding water and land pollution.) There needs to be an absolute commitment not to allow any possible future fracking or underground coal-gasification or, at the very least, the strongest possible wording to deter such developments.						
1245086	LPIO-6988		It seems that this is not a big issue but perhaps plans should be put in place to protect important natural habitat, SSSI's or irreplaceable assets if the discovery of valuable mineral deposits are ever detected.						
1237647	LPIO-723	yes	Care is needed to avoid conflict with the Green Agenda and with the emphasis on health, wellbeing and leisure activities.						
1246488	LPIO-7322		Not conversant with this issue						
1246348	LPIO-7378		Do not know what this involves.						
1246592	LPIO-7854	yes							
1246594	LPIO-8017		Not conversant with this issue.						
1240903	LPIO-8045	no	This needs to be explained as to what the council intentions are?						
1246605	LPIO-8212	no	Not conversant with this issue						
1246612	LPIO-8411	yes							
1237882	LPIO-8478	yes	Do not know enough about this to make an informed option here.						
1240653	LPIO-8808	yes	Individual policies are fine, but the appropriate policy should prohibit Fracking.						

Person ID	ID	Question 8.19 - Do you agree with our preferred approach for planning for minerals within Wirral?	Question 8.19a - If you answered No, what what would you change and why? Do you have an alternative approach? If Yes, you can comment here.	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1241770	LPIO-8812	yes	Local plan minerals report 2019 is not included so not able to comment on individual reports. I hope these would be made publicly available to residents in areas if they are to be affected. It needs to be made clear that Wirral council will completely prohibit fracking in any form.						
1245034	LPIO-9242	yes							
1246651	LPIO-9286	no	There needs to be an absolute commitment not to allow any possible future fracking or underground coal-gasification or at the very least the strongest possible wording to deter such developments.						
1246678	LPIO-9400	no							
1241495	LPIO-9476	no	I object to any exploration for oil and gas within Wirral or in any off-shore areas. This is not the way forward and would only contribute to the climate emergency we are facing.						
1246624	LPIO-9494	yes							
1243448	LPIO-985	yes	No new mineral extraction should be developed on Wirral.
