Question 9.3a - If Yes, please give policy reference (from Appendix 9.1). If you want to comment on more than one policy please submit then log out / log in and resubmit.	Question 9.3b - Please explain why:	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1242751	LPIO-661	yes		We do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1243448	LPIO-988	no								
1244412	LPIO-1061	yes		Wirral does not need 12000 new proprties. A more realistic figure is set out in the 2019 Compendium of Statistics						
1243890	LPIO-1157	no								
1243700	LPIO-1560			No idea!						
1244969	LPIO-1758	no		It is critical that the evidence base is encompassing, however, at this late stage much remains interim. We all require the best Local Plan for the Wirral but consultation should be based on inclusive up to date information. Please make sure that the draft Local Plan on which we are to consult fulfills the criteria in its evidence base.						
1245060	LPIO-1944	yes		Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1245112	LPIO-2204	no								
1244826	LPIO-2492	yes		We do not need or want 12,000 new properties on Wirral. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1245180	LPIO-2805	yes		Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1237870	LPIO-2851	yes		Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics. There is also NO NEED to incorporate any GREENBELT LAND in the Local Plan						
1238379	LPIO-2922	yes		This entire consultation and plan has been based on flawed housing need data. Wirral does not need, or want 12,000 extra houses. It should be based on the councils own data as set out in the 2019 Compendium of Statistics						
1245159	LPIO-3112	no								
1241315	LPIO-3330	yes		Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1245437	LPIO-3532	yes		There is no need for 12000 new homes. Please re-do your research and produce and accurate presentation.						
1237827	LPIO-3842	no								
1245288	LPIO-3911	no								
1238835	LPIO-4059	yes		We do not need 12000 new houses, nor anything approaching this number. The Compendium of Statistics show that this target is just a fallacy. Additional recently issued data show future housing requirement to be less than half this number. Our waiting list for social housing could be met quite comfortably, by bringing the 4000 - 6000 unused Council owned properties back into use. Why are you insisting on wasting more resources by embarking on an unnecessary and wasteful programme of unwanted housing units?						
1245638	LPIO-4331	yes		Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1237873	LPIO-4875			Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1244629	LPIO-4994	yes		Please can we establish a realistic number for housing. we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1245713	LPIO-5140	no								
1245501	LPIO-5182	yes		Wirral does not need 12,000 additional properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1245496	LPIO-5257	yes		We do not need or want 12000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1237882	LPIO-8482	yes	Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.	Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						

Person ID	ID	Question 9.3 - Are there any development management policies listed in Appendix 9.1 which are not needed in the Wirral Local Plan?	Question 9.3a - If Yes, please give policy reference (from Appendix 9.1). If you want to comment on more than one policy please submit then log out / log in and resubmit.	Question 9.3b - Please explain why:	Attachment 1	Attachment 2	Attachment 3	Attachment 4	Attachment 5	Attachment 6
1239377	LPIO-9249	yes		I reiterate my observation about the Council's housing need figures of 12,000 new homes per year and conclude that the Council's 2019 Compendium of Statistics provides more accurate data to base housing need figures upon.						
1240903	LPIO-8052	yes		Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1244896	LPIO-6998	yes		YES. We do not need or want a nonsense figure of 12,000 ADDITIONAL Housing Stock. Other than falsely saying that this is the figure the Government are insisting upon, no-one in the Council in three plus years has been able to justify this figure. This represents appalling management failure and means the Council remains at odds with its Residents, their ultimate Employers. Realistic figures have been agreed circa 3,000 by Manchester University, Liverpool University, a local expert, a former Government Statistician and those objectively looking at the issue. A more realistic figure is even set out in the 2019 Wirral Council Compendium of Statistics. A good Management policy would be to use the best available information. That is logical and 'good science'.						
1245034	LPIO-9247	no								
1245086	LPIO-6992	yes	LP18	There is not a need for 12000 new houses on the Wirral.						
1246242	LPIO-11012			As stated the Local Plan is NOT FIT FOR PURPOSE. It is flawed from the start by not adhering to the true statistical figures as stated in the Councils own Compendium of Statistics. The Council is not being honest with the Electorate and has squandered a huge amount of Council Taxpayers money on unnecessary consultations.						
1246310	LPIO-5987	yes		Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1246348	LPIO-8703			Again we do not need 12,000 more dwellings as exposed by various independent bodies as well as the compendium of statistics.						
1246402	LPIO-6503	yes		Yes, we do not need or want 12,000 properties. A more realistic figure is mentioned in the 2019 Compendium of Statistics.						
1246482	LPIO-7059	yes		Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1246488	LPIO-7332			Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1246592	LPIO-7864	yes		Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1246594	LPIO-8026	yes		Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1246605	LPIO-8218			Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics						
1246624	LPIO-9501	yes		Please review the number of residential properties required, referring to the 2019 Compendium of Statistics. 12,000 is far in excess of the actual number required within the plans lifetime						
1246678	LPIO-9404	no								
1246693	LPIO-9919	yes	Housing figures are incorrect	Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1246724	LPIO-10640	yes		Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1246772	LPIO-10536	yes		The model exaggerates the housing demand over this period of time.						
1247196	LPIO-11633			Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1237857	LPIO-18361			Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1240843	LPIO-12724			Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1241726	LPIO-17643			Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.						
1242183	LPIO-14039			Yes, we do not need or want 12,000 properties. A more realistic figure is set out in the 2019 Compendium of Statistics.
