Applicants comments: _____

NOTES:

1. The applicant shall include a scale plan 1:1250 or 1:2500 showing the location of the proposed works and the roads in the vicinity.
2. In the case of a TTRO where traffic is to be diverted, the applicant shall employ a competent Traffic Management Engineer to design a suitable diversion route & sign schedule, to be submitted with this application for approval. A TTRO will not be authorised unless an acceptable signing scheme has been submitted.
3. All roadworks and diversion routes shall be signed, guarded & lit in accordance with Chapter 8 of The Traffic Signs Manual.
4. The applicant will be required to carry out appropriate informal notification of their proposals to residents/businesses in the area of the TTRO and provide details to the Highway Authority.
5. TTRO's affecting several sites may be considered as one application for charging purposes (subject to prior agreement with the Highway Authority).
6. Applicants should allow 12 weeks for the processing of a TTRO.
7. Untill you receive confirmation, you must not assume that the closure dates you have requested have been approved.

Scale of charges:	T.T.R.O.'s	£1,360.00
Signing scheme authorisation		£292.00
The Highway Authority may increase the above charges, dependent upon the extent of the TTRO.
