Equality Impact Assessment

What is it?

It is a self-assessment tool to help our Council departments and services look at the likely positive and negative impact of their work on staff, members, service users / customers, partnerships, individuals and communities with regards to equality of opportunity in employment and service delivery.

The aim is to identify both positive and negative outcomes, and to take appropriate action to minimise or remove the negative outcomes.

Why do we need to do it?

The Council is committed to ensuring that it delivers all of its services in a fair and equal way. It also pledges to develop an inclusive and recruitment and selection procedure aimed at creating a strong and diverse workforce. This two-pronged approach ensures that we work towards removing barriers to our services and actively promote and support diversity.

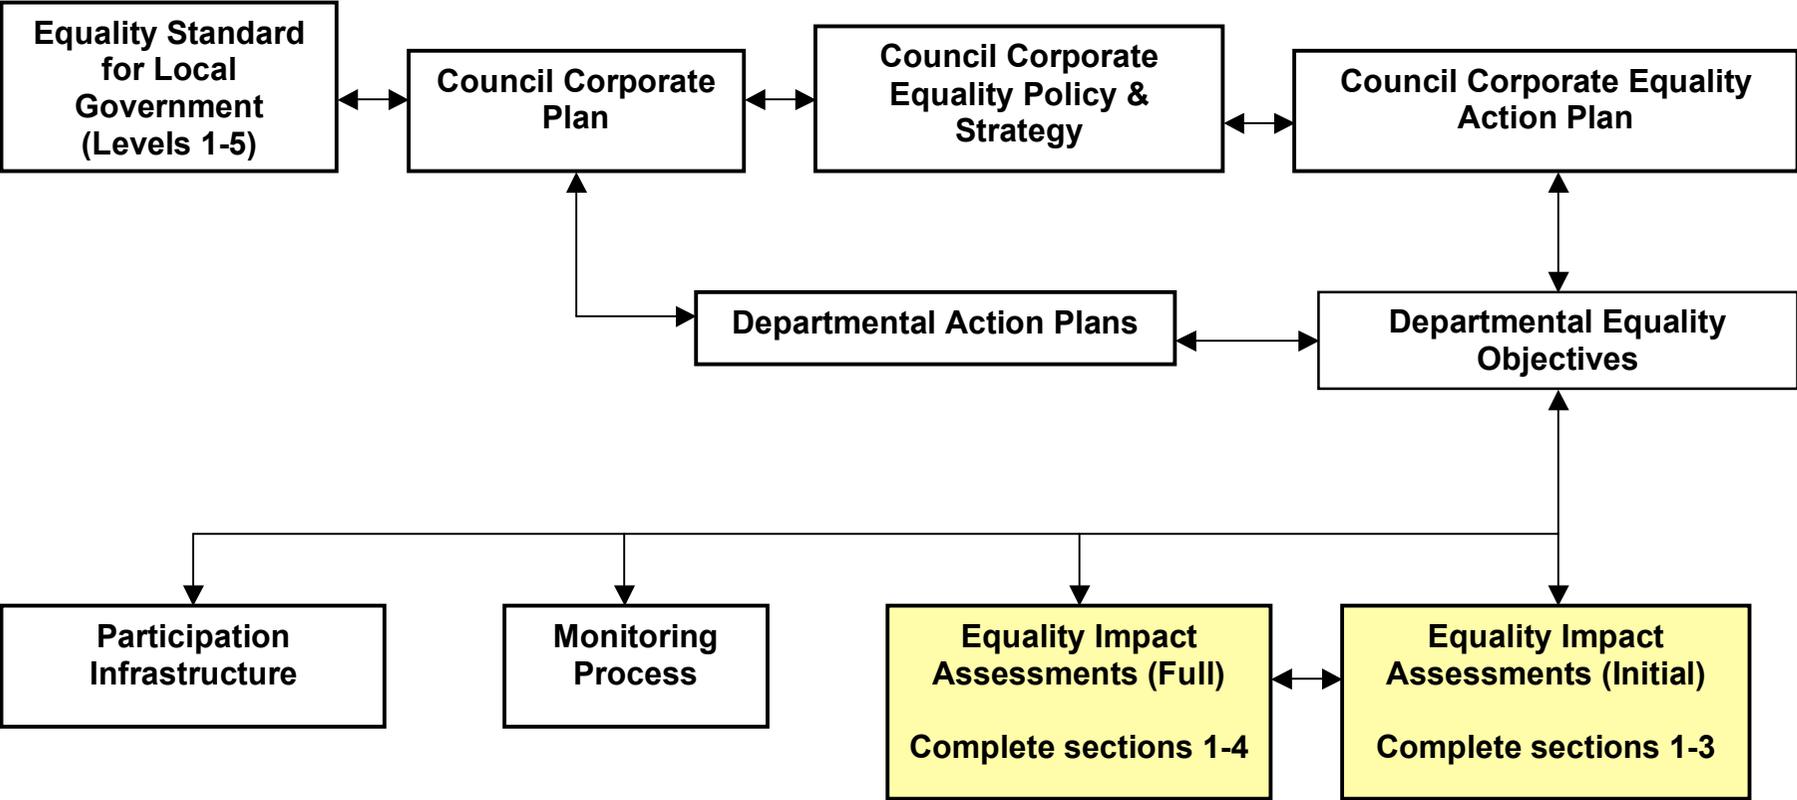

There have been some recent legislative changes in this area, including the requirement to create a gender equality scheme and increased expectations in tackling discrimination on the grounds of religion and faith, disability, age and sexual orientation. The legislation has also brought in the requirement to not only tackle discrimination but to actively promote diversity. This is a significant change to our responsibilities and one that will require us to act in different ways.

The council's equality and diversity policy draws together in one document the legislative process, the council's service delivery commitments, employment commitments and policy statements in relation to the six pillars of the equality standard, which are:

- Age
- Disability
- Race
- Religion or Belief
- Gender
- Sexual Orientation

The Equality Standard for Local Government helps us to measure progress towards promoting diversity. The standard has five levels and Wirral council is currently at level two. In order to meet the requirements of the standard we need to ensure we carry out Equality Impact Assessments on all council functions, services, projects, strategies and policies.

Guidance Note 1:

For Initial EIA's it is best practice to involve the service / function manager, equality and diversity lead(s) and relevant frontline staff.

For Full EIA's it is best practice to involve the service / function manager, equality and diversity lead(s), relevant frontline staff, customers, appropriate external agencies, and the voluntary and community sector

Section 2: What is to be assessed?

(2.1) Name of service / function / project / strategy / policy to be assessed (see guidance note 2)

Local Development Framework - Core Strategy Development Plan Document –Spatial Options Report

(2.2) Is this a new or existing service / function / project /strategy / policy?

The report has been prepared to set out the spatial options for developing policies for a new strategic planning policy document that will set out the vision, strategic objectives and broad locations for land use and development within Wirral over the next 15 to 20 years. The publication of a Spatial Options Report is a stage in the process of preparing the Core Strategy Development Plan Document for the Local Development Framework. Once adopted, the Core Strategy will form part of the statutory Development Plan and will be used in determining planning applications and other decisions under the Planning Legislation.

(2.3) Which equality impact assessment are you completing?

Initial or Full

Guidance Note 2:

Service = your department / service area and its employees

Functions = your department / service area's activities

Projects = your department / service area's work programmes

Strategy = a plan of action intended to accomplish a specific goal

Policy = a plan of action to influence and determine decisions, actions and other matters

Procedure = a series of steps taken to implement a policy

Note: If you have rated any negative impact(s) as ‘High’ please go straight to Section 4 to complete a full assessment.

Note: If you have rated any negative impact as ‘Low’ or ‘Medium please complete the rest of this section on pages 9 and 10.

Guidance Note 3: How to assess negative impacts

Low = It is not discriminatory according to current legislation. However, it might not be seen as being in line with best practice.

Medium = It is not discriminatory according to current legislation. However, it is not in line with the council’s Corporate Equality Policy and/or Strategy

High = It is discriminatory according to current anti-discrimination legislation (i.e. it is unlawful), and therefore contravenes the council’s Equality Policy

3.2 Please list below any actions that you plan to take as a result of any negative impact
