1. Liverpool City Region Joint Statement of Intent

This statement sets out the flexible eligibility criteria for the Energy Company Obligation (ECO4) and Great British Insulation Scheme schemes from April 2022 – March 2026 for the Liverpool City Region (LCR) Local Authorities named above. Although this is a joint Statement of Intent, no Local Authority listed above may make a Local Authority Declaration (LAD) on behalf of another.

The ECO4 scheme will focus on supporting low income and vulnerable households. The scheme will improve the least energy efficient homes helping to meet the Government's fuel poverty and net zero commitments. The Great British Insulation Scheme will support the ECO4 scheme in the delivery of predominantly single measures targeted at a wider range of households.

The flexible approach for Local Authorities (LAs) to identifying fuel poor and vulnerable households who may benefit from heating and energy saving measures is referred to as “ECO4 Flex” and “Great British Insulation Scheme Flex”. The LCR local authorities welcome the introduction of the ECO4 Flex eligibility routes as it helps them achieve their plans to improve the homes of those in fuel poverty or vulnerable to the cold.

Wirral Council is publishing this Statement of Intent (Sol), on 15th September 2023 to confirm that each of the households declared will adhere to at least one of the four available routes outlined below (the crossed boxes indicate which routes the Council is using):

Route 1: Owner-occupied and private rented sector households with a gross annual income less than £31,000. This cap applies irrespective of the property size, composition, or region.

Route 2: Owner-occupied and private rented sector households that meet a combination of two of the following proxies:

Proxy 1) Homes in England in Lower-layer Super Output Area 1-3 (LSOA) ¹ , or homes in Welsh provision LSOA 1-3 on the Welsh Index of Multiple Deprivation 2019 ² , or homes in Scotland in “data zone” 1-3 on the Scottish Index of Multiple Deprivation 2020 ³
Proxy 2) A person living at the premises is entitled to a Council Tax reduction on the grounds of low-income.
Proxy 3) A person living at the premises is considered to be vulnerable to the cold under the National Institute for Health and Care Excellence (NICE) Guidance NG6: Recommendation 2, for a reason other than their low-income ^{4*}
Proxy 4) A child living at the premises is eligible for free school meals, due to low-income ⁵
Proxy 5) A person living at the premises is supported by a scheme established by the LA/DA that is named and described within their Statement of Intent and established to support people living on a low-income and considered vulnerable to the cold under NICE Guideline NG6. This proxy is not currently in use in this local authority area.
Proxy 6) A household referred to the LA for support by their energy supplier or Citizen's Advice or Citizen's Advice Scotland, because they have been identified as struggling to pay their electricity and/or gas bills.
Proxy 7) [Please note, proxy 7 is for supplier owned debt data and is listed here for information only]. Households identified through energy supplier debt data. This route enables obligated suppliers to use their own

debt data to identify either non pre-payment meter households (non-PPM), or pre-payment meter households (PPM)*.

- a. **Non-PPM customers:** These are customers who have been in debt for more than 13 weeks ending with the day on which the declaration is made, and are in a debt repayment plan with their energy supplier or repaying their fuel debt through 3rd party deductions.
- b. **PPM customers:** Suppliers may also identify PPM households who:
 - Have either self-disconnected or received supplier Discretionary/Friendly credit within the last 13 weeks ending with the day on which the declaration is made; or
 - are in a debt repayment plan with their energy supplier; or
 - repaying their fuel debt through 3rd party deductions.*

* Note proxies 1 and 3 cannot be used together.

* Proxy 7 cannot be used in combination with proxy 5 or proxy 6.

Route 3: Owner-occupied and private rented sector households that have been identified by either a person registered in the General Practitioner Register, a Scottish Health Board, a Welsh Health Board, an NHS Foundation Trust, or an NHS Trust as vulnerable, with an occupant whose health conditions may be adversely affected by living in a cold home. These health conditions must be cardiovascular, respiratory, immunosuppressed, or limited mobility related.

Route 4 [applicable to ECO4 Flex only]: Owner-occupied and private rented sector households that are referred under Route 4: Bespoke Targeting. Suppliers and LAs can submit an application to the Department for Energy Security and Net Zero where they have identified new methods to identify low-income and vulnerable households. Applications need to demonstrate a number of factors, including that the proposed methodology is more effective at identify households in fuel poverty than the criterion offered under Routes 1 and 2.
