1238147	LPIO-10265		For Heswall I would like to see we the corner of 76-76A Pensby Road and Daryl Road and "Silverdale" in Mount Avenue brought back into the residential area and out the currently designated commercial area. The latter is subject to a current planning application for conversion to residential development which would enable a good ex-residentail property to be protected. There should be no requirement for any retail unit in the redevelopment of Silverdale, as there are already too many empty shops in Heswall.

1246242	LPIO-10983		Town centre boundaries are there for a reason. To stop urban sprawl. As there is no projected growth, there is no need to extend the existing boundaries.						
1243890	LPIO-1128	yes							
1247196	LPIO-11604	no	Town Centre boundaries should be just that. Extensions should only be considered if there was growth, which at present there isn't.

1247740	LPIO-13553		Our Client is a substantial investor in Bromborough through their continued investment into The Croft Retail and Leisure Park and The Croft has been functioning as a successful retail and leisure destination for decades which has helped to retain retail and leisure expenditure in the Borough and reduce leakage of expenditure to Liverpool, Chester and Ellesmere Port. The proposed re-allocation to 'Proposed Primarily Industrial Land' of The Croft will severely negatively impact the future of the retail and leisure offering at The Croft. The proposed industrial land restrictions to B1, B2 and B8 uses and accompanying policies could not be applied to the existing offer at the Croft and will impact its future function. Therefore, The Croft should retain its existing UDP allocation of 'out-of-centre retailing'. The proposals to amend the retail impact assessment thresholds would also impact any future proposed changes to the existing offer at The Croft should new floorspace, and proposed changes of use and variations of conditions be applied for in the future. Therefore, Our Client would seek to discuss these thresholds in more detail with Wirral Council and encourage an open dialogue moving forwards to agree the best policy strategy.

1242185	LPIO-23933	yes	Yes. Town centre boundaries should be maintained. Settlement extension can only be justified if there is robust data to support a growth conclusion, which as repeated under questions elsewhere in this consultation does not exist.	<a href="https://wirral-consult.objective.co.uk/file/5659121">https://wirral-consult.objective.co.uk/file/5659121</a>	<a href="https://wirral-consult.objective.co.uk/file/5684263">https://wirral-consult.objective.co.uk/file/5684263</a>	<a href="https://wirral-consult.objective.co.uk/file/5657006">https://wirral-consult.objective.co.uk/file/5657006</a>			
1242697	LPIO-24706		The map I found was a general proposals map which contained: residential areas; employment areas; green belt boundaries; and the proposed housing areas outlined in red. On this map, Hoylake and West Kirby are separate, as is Irby from Pensby, as is Irby, Greasby and West Kirby. Given the character of these areas it is right they be classed as separate centres. The Moreton/Leasowe urban area is separate from the Woodchurch/Bidston/Birkenhead area. This is right given the already built up nature of the areas.	<a href="https://wirral-consult.objective.co.uk/file/5659118">https://wirral-consult.objective.co.uk/file/5659118</a>	<a href="https://wirral-consult.objective.co.uk/file/5659119">https://wirral-consult.objective.co.uk/file/5659119</a>	<a href="https://wirral-consult.objective.co.uk/file/5659120">https://wirral-consult.objective.co.uk/file/5659120</a>	<a href="https://wirral-consult.objective.co.uk/file/5659121">https://wirral-consult.objective.co.uk/file/5659121</a>

1241868	LPIO-5786	yes	Boundaries should be left as they are.						
1244896	LPIO-5828	yes	Town Centre boundaries should be just that. Extensions should only be considered if there is need and growth, which at present there isn't. Any future extension must not involve Green Belt until all PDL has been used and densification has occurred.						
1239471	LPIO-5922	yes	Please note that the response to Question 6.10 above relates solely to the boundary of West Kirby Town Centre. West Kirby Community Interest Company does not have any locus in relation to other town centre boundaries.

1246605	LPIO-8176	no	Town Centre boundaries should be just that. Extensions should only be considered if there was growth, which at present there isn't						
1237882	LPIO-8439	yes	Town Centre boundaries should be just that. Extensions should only be considered if there was growth, which at present there isn't. The definitions of towns should be used in terms of building requirements rather than the current 'settlement' definitions.

1245034	LPIO-8966	no	The Retail Economy section does not seem to take account of the Junction 1 retail area located between Wallasey and Bidston, adjacent to the M53. While not located in a town centre, this area houses major shops such as B&Q, Marks & Spencer and Aldi, which would be considered as anchor retailers in other areas. It is also adjacent to the large Tesco store site in Bidston. The impact of this area on neighbouring centres and its potential for future development need to be considered.						
1239377	LPIO-9183	yes	Extensions to town centre boundaries should only be considered if there was a need identified due to economic growth.						
1243448	LPIO-926	no	The boundary of the shopping area in Birkenhead town center should be significantly reduced to give a much more viable town center shopping offer.						
1246678	LPIO-9369	yes							
1246624	LPIO-9431	yes	Town Centre boundaries should be reviewed when there is a need for expansion -ie in a period of growth. Birkenhead town centre is currently far too big, poorly designed, maintained and a disgrace to the borough. Charing Cross to Argyle Street should be flattened. its depressing.						
1242554	LPIO-9680	no	We were not able to find the map online. The link in the document took us to a generic Local Plan page on the council's website with no obvious links to the map. It would have been useful to include it in the Local Plan. No comment.						
1246693	LPIO-9829	yes	Town Centre boundaries should be just that. Extensions should only be considered if there was growth, which at present there isn't and this is clearly evidence by the current situation.
