

Application to vote by post

About this form

The law allows anyone registered to vote to apply for a postal vote. If you would prefer to vote by post instead of going to the polling station please print off this application form and return it to **Electoral Services, Town Hall, Brighton Street, Wallasey, Wirral CH44 8ED.**

Each elector in a household wishing to vote by post must complete a separate form. It is important to remember that once a postal vote has been granted, you will not be able to vote at the polling station on Election Day. If you don't receive your postal vote, a replacement can be issued at Wallasey Town Hall and you will need to provide photo identification and sign a statement.

Please note that all postal voters must supply their date of birth and signature on their application in order for it to be valid. This was introduced by the government to guard against fraud in order that we can check your details on your returned postal vote statement matches your details you provided on your original application.

Postal ballot papers are normally sent out ten working days before an election. Postal votes can be sent anywhere, either within or outside of the United Kingdom. However, please take into account the time post can take to reach some destinations and note that the postal vote must be with this Office before the close of poll (10pm) on election day. If you are abroad at the time of an election, we recommend you appoint a proxy to vote on your behalf. A proxy vote application form is available on our website or you can contact the Elections Office on **0151 691 8046.**
