Email address

PLEASE ANSWER THE FOLLOWING QUESTIONS:

- 1. Is there a sink available for use in the premises with a constant supply of hot and cold water, to be used for the cleaning equipment and environmental surface (NB this must not be a wash hand basin)? YES / NO
2. Is there a designated wash hand basin, for the sole use of the operator, in the treatment room, with a constant supply of running hot and cold water (NB For ear and nose piercing with a hygienic piercing instrument, the basin does not have to be designated for sole use by the operator)? YES / NO
3. Is there suitable and sufficient sanitary accommodation for the use of the operators with its own wash hand basin with hot and cold water? YES / NO
4. For Ear piercing or Semi- permanent Skin Colouring, please state the make / model of equipment to be used (e.g. Caflon, Finishing Touches)
5. For Acupuncture, tattooing and semi-permanent skin colouring and electrolysis, please state the method of sterilisation to be used for needles, instruments and other items of equipment (or are you using single-use, fully disposable equipment)

P.T.O

6. How do you dispose of waste (swabs, needles, etc)?

.....

I declare that my answers to the above questions are correct.

Signed Date
