<td>The selective licensing scheme will apply regardless of the all the protected group groups. Translation services are available if required. As part of the license application process landlords would need to show that they have not practiced unlawful discrimination, or in connection with the carrying out of any business and will have to meet licence conditions on how they manage their properties.</td>
<td>Evidence suggests that private landlords are less likely to spend money adapting properties to meet the needs of disabled people. One of the aims of licensing is to have a better-informed landlord and community where they are clearer about their responsibilities and provide support to disabled people.</td>

Whilst there could be potentially some negative impacts, the Housing Strategy sets out the vision for housing in Wirral by 2026 which is to ‘contribute to making Wirral an attractive place by ensuring people can access quality housing that is appropriate and affordable to their needs’. The aim is to reduce criminal damage, high turnover, empty properties and low demand.
